The Family Child Care Orientation Module II provides an introduction to the fundamentals of child growth and development, and to positive child guidance practices in family child care homes. Further, it discusses the basic elements and guiding principles of curriculum planning. Additionally, it provides an introduction to the elements and the impact of professionalism in family child care, with emphasis on promotion positive relationships with parents of children in care.

This course/orientation is required for family child care providers that have received their FCC license/assistant certificate within six months of first licensure. This course is also recommended for all FCC educators. Please print registration Module II from our website: www.childcarechoicesofboston.org and mail it with payment (MO).

Please take note that the minimum number of participants for this course is 10 educators and maximum number of participants is 15 educators.

Walk-ins are not accepted.
